Applicant: Rose Tiso & Co., LLC  
35 Brentwood Ave.  
Fairfield, CT 06825

Project: **Proposed Gas Station & Convenience Store- 126 Main Street, Monroe, CT 06468**  
Design Engineer: Stephen Santacroce P.E.  
Design Use: Gas Station/Retail- 4,880 Sq.Ft. & 2<sup>nd</sup> Floor Apartment (4 Bedrooms existing)  
Plan Dated: October 18, 2021

Dear Applicant,

The Monroe Health Department has reviewed the proposed sub-surface sewage disposal system repair plan for **126 Main Street** submitted to our office. We have found that the proposed system meets the requirements as specified in Section 19-13-b103 of the Connecticut Public Health Code and have **APPROVED** the plan with the following comments and/or conditions listed below.

### **NOTE: THIS IS NOT A PERMIT TO CONSTRUCT**

1. Any water supply wells located on the subject or neighboring properties shall be field verified by the engineer and required separating distances shall be maintained to all components of the proposed sub-surface sewage disposal system.
2. An application for a permit to construct shall be submitted to the Monroe Health Department at least 48 hours prior to installation by the licensed septic installer.
3. Engineer must stake the septic system and set a field benchmark prior to system construction. (The Health Department must be contacted for a site inspection at this time).
4. After completion, the Engineer must submit a certified As-Built Drawing of the proposed repair.

Please feel free to contact me with any questions you might have at 203-452-2818.

Regards,

Matthew C. Brattoli, MPH, REHS/RS  
Chief Sanitarian  
Monroe Health Department
